

Directions from Malaga Airport to Ecovilla, Benajafe by car

Ecovilla coordinates: 36.7285554, -4.1924077

When leaving the airport, after the first roundabout, get into the left lane and drive towards Malaga on the N-340.

After about 3 km, leave this motorway and change to the A-7 towards Motril/Almería.

After about 25 km, leave the coastal motorway A-7 at the Benajafe/Chilches exit and drive towards the coast.

At the fork in the road, get into the left lane and turn left (the coast is on the right).

You pass the town of Chilches and after another 3 km you will see a Cepsa petrol station on the left.

The town of Benajafe begins shortly after this petrol station. Follow the coastal road into the town and turn left in front of the "Hostal Esperanza".

Keep right at the fork and follow the road.

The road leads uphill to the district of "Benajafe Alto".

Ignore the right and left turns and follow the signs for "Ecovilla".

After the cemetery on the right, take the second turn on the right (signposted "Ecovilla").

After a few meters before the cypresses, turn right (signposted "Ecovilla").

Continue to follow the road until it becomes a gravel path.

Follow the gravel path, ignore the right turn and switch to first gear.

At the fork, take the left turn up a steep incline (the wire mesh fence and the house with the blue roof border are on the right).

Now follow the gravel path for about another 200m until you reach our "**Ecovilla**".
